VISION

Our core mission at JESC is to promote faith and justice by rediscovering the European common good.

Having implemented the processes of the Universal Apostolic Preferences by 2029, we will:

- give a voice to the excluded in the European political process and accompany groups committed to rethink Europe;
- bring closer the Jesuit social apostolates in Europe through service, advocacy, formation and research;
- accompany the European ecological transition towards sustainability, relying on ecological apostolates of Jesuits and partners;
- reinforce Jesuit and Christian networks through Youth Leadership formation.
